

Government Auctions & Real Estate Foreclosures Portal GovernmentAuctions.org Adds Over 20,000 Properties to its Foreclosure Database

Sun Oct 23, 3:00 AM ET

Great Neck, NY (PRWEB) October 23, 2005 -- GovernmentAuctions.org (<http://www.governmentauctions.org>), a division of Cyweb Holdings Inc, announces that it has recently added 20,000 more high-quality real estate foreclosure listings to its current foreclosure database.

The additional listings come from a variety of sources and feature pre-foreclosure real estate, REO (Real Estate Owned by the Lender) properties and foreclosure auctions and sales. GovernmentAuctions.org members are able to access the expanded information at no additional charge. Foreclosure information continues to be updated weekly.

“Our members are very enthusiastic about the additional affordably priced real estate we have recently added. By adding 20,000 more high-quality listings, we have significantly increased our already substantial database of foreclosures, and have taken an important step forward in our effort to provide the most comprehensively relevant residential foreclosure real estate information in the United States,” said Cyweb Holdings VP Michael Pesochinsky. “We have labored hard to make our GovernmentAuctions.org division a top-notch resource for bargain hunters, and we intend to continue improve our real estate and other offerings to meet needs of our customers and the public at large.”

About GovernmentAuctions.org GovernmentAuctions.org (<http://www.governmentauctions.org>) is a membership-based web site for bargain hunters that helps its users find and participate in government auctions of seized and surplus property. It also provides its members with access to its weekly nationwide database of foreclosure listings across the United States.

About Cyweb Holdings Inc. Cyweb Holdings (<http://www.cywebholdings.com>) is a company that provides high quality web-based information services to the public. The company consists of personnel and management who, combined, have extensive experience in business, government, law, software and technology, and who have committed themselves to use their backgrounds and knowledge to create, sustain, and invest in, superior web-based information products.
